

List of Tables

CHAPTER: II

1. Table (2.1): Goals of National Health Policy, 2002
2. Table (2.2): Expected goals of National Rural Health Mission
3. Table (2.3): Health Indicators among Selected Countries
4. Table (2.4): Disease Burden Estimation in India
5. Table (2.5): Differences among States in India Regarding Health Status and Care
6. Table (2.6): Urban / Rural Divide in Regard of Health Indicators
7. Table (2.7): Early Childhood Mortality Rates
8. Table(2.8):Childhood Mortality Rates in Assam
9. Table (2.9): Vaccination among the children in Assam

CHAPTER: III

1. Table (3.1): Staffing pattern of a Sub Center
2. Table (3.2): Staffing pattern of a Primary Health Center
3. Table (3.3): Staffing pattern of a Community Health Center
4. Table (3.4): Rural Health Care in India under NRHM
5. Table (3.5): Shortfall in Health Personnel in Rural Health System- All India
6. Table (3.6): Infrastructure Facilities in Sub centre and PHCs
7. Table (3.7): Inter State Comparison of Rural Health Care System

8. Table (3.8): Comparative Accessibility of Health Care Facility in Rural Assam
9. Table (3.9): Manpower in PHCs of Goalpara and all Assam
10. Table (3.10): Manpower in the CHCs of Goalpara and all Assam
11. Table (3.11): Availability of basic Amenities in PHCs in Goalpara
12. Table (3.12): Availability of Infrastructure in various Types of PHCs in Goalpara
13. Table (3.13): Rank of the Districts in terms of Rural Health Infrastructure

CHAPTER: IV

1. Table (4.1): Social Composition and Choice of In-patient Health Care
2. Table (4.2): MPCE of the Household to which In-patient Sample belongs to and Their Choice
3. Table (4.3): Relation between Capacity to Pay and In-patient Health Care Utilization
4. Table (4.4): Educational Attainment and Choice of In-patient Treatment
5. Table (4.5): Social Composition and Choice of Health Care of the Out-patient Sample
6. Table (4.6): Gender Dimension and Choice of Out-patient Health Care
7. Table (4.7): MPCE of the Out-patient Sample and Health Care Choice
8. Table (4.8): Capacity to Pay of the Out-patient Sample and Health Care Utilization

9. Table (4.9): Age Composition of the Out-patient Sample and Health Care Utilization

10. Table (4.10): Educational Attainment of Out-patient Sample and Choice of Health Care

CHAPTER: V

1. Table (5.1): Model summary for in-patient treatment

2. Table (5.2): Results of Logistic Analysis for In-patient Health Care Utilization

3. Table (5.3): Model Fitting Information for Out-patient Treatment

4. Table (5.4): Pseudo R-Square for Out-patient Treatment

5. Table (5.5): Results of Multinomial Logit Analysis for Out-patient Health Care Utilization
